

PC CADDIE://online course & event management

Local administration

Here you will find instructions for local administration for the [course & event management](#).

Online view for booking

The view can be processed differently. Please consider in advance of the associated structure, how you would like to offer your course program.

Event calendar

- The interested parties see the course offer in a broader overview.
- They can use the categories to filter the courses they are interested in.
- Using the monthly selection, one can quickly and easily see in which month each event is located.
- The game is visualized via the screen.

The screenshot displays the PC CADDIE online course & event management interface. The page is titled "BOOK A CLASS" and shows a calendar view for the year 2018. The calendar displays several events, including "Modul 14: Bunker Technik", "Modul 25: Hanglagen lang", "Modul 28: Driver", "Modul 31: Schwunganalyse", and "Modul 22: Anti slice Kurs". Each event entry includes the date, time, location, and a "Guests" column with a green checkmark and logos for "kurzes Spiel" and "langes Spiel".
