

Subscription list

Conveniently print the current status of your subscription green fees, trolleys, carts, golf instructor lessons, lunches or SPAs with PC CADDIE. You can only create subscription items in a cash register account area. Here you will find help on how to create a [subscription item](#).

In the menu, please go to **Articles/Print.../Subscription list**. The following settings must be made here: First select the subscription article (1) and the period (2), then click on **Print** then go to Print. If you select the period **from** is left blank, you will be shown the entire history of the subscription item from the time it was sold.

You will then see the following list:

No.	Customer	Purchased	Used	Rest
1	Heck, Axel	30,0	3,0	27,0
2	Kainz, Katharina	30,0	1,0	29,0
3	Quickert, Rosemarie	30,0	5,0	25,0
4	Stökle, Stefanie	30,0	20,0	10,0
Total		120,0	29,0	91,0

On the example printout you can see that Axel Heck has already used up 3 of the 30 subscription green fees he purchased and that 27 rounds can still be played.

The status as of 19 November 2010 shows that 29 of a total of 120 subscription green fees sold have been used up. 91 rounds can still be redeemed.
